Classic Displays

year round beautification products for municipalities, b.i.a.'s and property management groups

HOLIDAY DISPLAYS

Pole Mount Displays

Traditional

Classic Displays' Traditional line of products brings out the warmth of the festive season. Our designs incorporate the use of lush synthetic pine garland, shatter proof ornaments, a variety of lighting options and are finished with Classic Displays' exclusive polyethylene bow. Whether pole mounted, side mounted or surface mounted on a building, we have products that truly represent the traditional look of the season.

Pole Mount Displays

Glitter

Glitter Displays

Shimmering by daylight; glowing by night, our Glitter line not only adds colour, but will bring attention to your area. Choose from our stock line of products or have us design one that will be completely your own.

All pole mounted displays are constructed from a wrought iron frame with a powder coat finish, mylar garland and illuminated with your choice of low watt bulbs, rope light or new low voltage L.E.D. lighting. These high quality products result in a display that will last for years to come.

Pole Mount Displays

Shooting Star

The Shooting Star has become one of Classic Displays most popular pole mounted decorations. With a variety of style and lighting options, this decoration can be incorporated into any surrounding. Whether it's one or two decorations per pole, the shooting star is a simple, but effective way to bring out the seasonal beauty of your town, city or property that all can appreciate.

Hybrid Displays

The glitter portion is effective during the day where the rope light provides the display with spectacular detail at night.

Partridge Candle

Elf Candy Cane

Rope Light Shooting Stars

Garland Shooting Stars

Bulb Lit Shooting Stars

Pole Mount Displays

Rope Light

Classic Displays was the first company to mass produce this unique form of lighting display. Rope light is a flexible lighting material, similar to neon, which is attached to our decorative, powder coated steel frames. These decorations provide an effective display during the day and their detail becomes prominent at night with spectacular illumination. Complete your display with our glittering, mylar pole wrap.

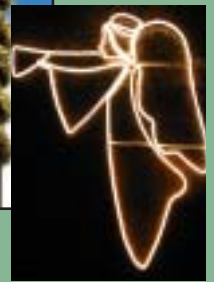

With a wide variety of rope light in stock, Classic Displays can customize the colour and display to best suit your surroundings.

Animated Displays

Animated Displays

An animated display is one of the best ways to capture the attention of passersby and make your area a destination point. For over 15 years, Classic Displays has been constructing custom animated, rope light displays for lighting festivals across North America. We are the major supplier for the Niagara Falls Winter Festival of Lights; one of North America's premium lighting festivals.

All of our custom displays are structurally and electrically (CSA) approved to ensure they will bring years of enjoyment.

LED Displays

Dramatically Reduce Your Seasonal Energy Costs!

Classic Displays is proud to introduce the newest and most energy efficient system in seasonal lighting. L.E.D. (Light Emitting Diode) lighting is a low voltage system that consumes less than 1 watt of energy per foot versus the 15 watts per foot provided by conventional lighting. And with a life of up to 100,000 hours, this product will dramatically reduce your replacement costs. Available in a variety of colours, this product will exceed your expectations for years to come.

Building Displays

Building Displays

If presentation of your corporate image during the festive season is your goal, Classic Displays is the company to call. Whether it's a "Season's Greetings" sign from our vast range of stock decorations or a custom display unique to your company, our vast experience in fabrication and installation will put your company front and centre during this special time of year.

Please note all of our pole mounted displays can be converted for wall mounted use.

Seasonal Banners

Our banners are made to last!

Vinyl – We use a 21 ounce material with a black out centre. This results in a vibrantly printed design that eliminates shadowing on double sided banners.

Fabric – On the lighter side, our nylon and polyester banners put your designs in motion.

Regardless of the material selected, when you purchase a banner from Classic Displays, you can be assured that you are getting the best in the industry.

Select from a number of stock banner designs or have us create one that incorporates the uniqueness of your area.

Inquire about our five (5) year guarantee
